

## **EPDM Romania – Exclusive distributor of SealEco brands Elastoseal and WRC Butyl**

Dated: 2015-05-29

SeaEco is a Swedish producer of EPDM membranes used for many different applications. SealEco offers a full system for lining products including tank lining.

EPDM Romania has been appointed exclusive distributor for the Romanian market for our lining brand, Elastoseal and drinking water membrane, Wrc Butyl.

EPDM Romania has participated in a Sealeco training and education program including:

- Theoretical education for prefabrication of Elastoseal H membrane in 2D and 3D
- Practical Training for prefabrication of Elastoseal H membrane in 2D and 3D using Hot Bonding equipment
- Have prefabricated Elastoseal membrane using Hot Bonding equipment under our supervision and guidance with excellent results
- All the knowledge necessary to satisfactorily prefabrication of Elastoseal H has been demonstrated

We hereby confirm that EPDM Romania, Brasov RO-50107 Petofi Sandor no. 19, have an approval for prefabrication and distribution of Elastoseal Elastoseal membranes.

Yours sincerely,

**Marcus Gustafsson**
